Basic Information

Product Specification

- Shape: Cylindrical
- Design: Natural-looking
- Material: Titanium
- Odm: Support
- Service: China Dental Lab
- Procedure: Surgical
- Maintenance: Easy To Clean
- Color: Silver
- Highlight: cement retained implant Abutment,
Titanium cement retained implant,
Titanium cement retained abutment

Product Description

Product Description:

Cement-Retained Implant

ADS China Dental Lab provides Cement-Retained Implants designed for secure, stable restorations with excellent esthetics. These implants are customizable to blend perfectly with natural teeth, ensuring optimal function and appearance.

Advantages

Secure and Stable Restoration: Utilizes cementation technique for a strong, stable bond that ensures longevity.

Natural-Looking Aesthetics: Customizable to match the patient's natural teeth, creating a seamless and attractive smile.

Customized Fit: Each restoration is precisely fabricated to fit the unique anatomy of the patient's mouth.

Versatility for Various Scenarios: Ideal for single-tooth replacements and multiple teeth, including implant-supported bridges.

Collaboration with Dental Professionals: Close collaboration with dental professionals ensures seamless integration and successful outcomes.

Key Features

Secure and Stable: Cementation provides a strong bond, enhancing stability and longevity.

Natural-Looking Aesthetics: Designed to blend naturally with existing teeth for a harmonious smile.

Customized Fit: Ensures each restoration fits the patient's unique anatomy perfectly.

Versatility: Suitable for a variety of implant restoration scenarios, including single and multiple teeth replacements.

Collaboration with Dental Professionals: Ensures seamless integration within the treatment plan for optimal results.

Indications

Single-tooth replacement

Multiple teeth replacement (including implant-supported bridges)

Considerations

Proper oral hygiene and regular dental visits are crucial for maintaining the success of Cement-Retained Implant restorations.

Careful removal of excess cement is essential to avoid complications.

Choose ADS China Dental Lab

Choose ADS China Dental Lab for your Cement-Retained Implant solutions. Our advanced technology and skilled technicians ensure each restoration is secure, stable, and esthetically pleasing. Experience the excellence in dental restoration with our customized implants.
